There isn't one okay! No ones coming! I don't have any family dropping in to check on me, no roommates to help make sure I get home okay. No one, that's how it's always been and that's how things are right now. You've got some misplaced sense of morality trying to push yourself into my life like some hero. I don't need a hero. I don't need anyone. You don't even really know me. No one does.
